

## Century 400 Product Quick Guide

### GENERAL CLEANING INSTRUCTIONS:

1. Prespray traffic lanes and any spots with the appropriate prespray.
2. If heavily soiled – extract with extraction detergent.
3. If lightly or normally soiled - extract with rinse.

### RESIDENTIAL CARPET (Stain Resistant Nylon):

*Notes: pH of all products must be under 10 at ready-to-use dilution to preserve stain-resistance warranty.*

**Prespray:** Gold Prespray (C100), 8 oz./gallon.

**Extraction detergent:** Liquid Gold (C115), 1 oz./gallon.

**Rinse:** Gold Fiber Rinse (C110), 1 to 2 oz./gallon.

### COMMERCIAL CARPET OR RESIDENTIAL OLEFIN CARPET:

*Notes: You can use your strongest chemicals here.*

**Prespray:** Gold Enzyme Prespray (C322), 4 oz. (2 scoops)/gallon.

**Extraction detergent:** Powdered Gold Extraction Detergent (C310),  
½ to 1½ oz./gallon.

**Rinse:** Gold Fiber Rinse (C110), 1 to 2 oz./gallon.

### WOOL CARPET:

*Notes: Wool is damaged by high pH and enzymes. Use warm (not hot) temperatures (under 150 °F) and low pressure (under 200 psi).*

**Prespray:** Upholstery & Natural Fiber Cleaner (C120), 4 to 6 oz./gallon

**Extraction detergent:** Upholstery & Natural Fiber Cleaner (C120), 4 to 6 oz./gallon

**Rinse:** Gold Fiber Rinse (C110), 1 to 2 oz./gallon.

### SYNTHETIC UPHOLSTERY:

*Notes: Upholstery can be delicate and prone to shrinkage, color fading, bleeding, and browning, especially if overwet. Pretest cleaners on a hidden area of fabric for color stability. Do not overwet fabric. Use warm (not hot) temperatures (under 150 °F) and low pressure (under 200 psi).*

**Prespray:** Upholstery Prespray (C360), 8 oz. / gallon.

**Extraction detergent:** Upholstery & Natural Fiber Cleaner (C120), 4 to 6 oz./gallon

**Rinse:** Gold Fiber Rinse (C110), 1 to 2 oz./gallon.

**ODOR CONTROL:** add 1 to 2 oz of Odor Eliminator (C155) to your prespray or extraction detergent or add 1 to 2 oz/gallon of water and apply directly to carpet.

**CARPET AND UPHOLSTERY PROTECTION:** mix 3 gallons of water into 1 gallon of Fiber Protector (C130) to make 4 gallons of protector.
