Storm Sweeper

DESIGN FEATURES

High Extraction Power

107" lift designed for fast water extraction.

12" Rear Wheels

Made of durable rubber the Storm Sweepers non-marking rear wheels make this machine easy to move around from room to room.

Roto-Mold Housing/Easy Loading

The roto-molded design provides durability and gives a professional look, along with integrated handle and upper rear casters that assist with loading and unloading.

Onboard Carrying System

The onboard carrying system provides storage for your wand, cord wrap stow and hose.

Simple Maintenance

Maintenance is easier than ever providing an open access to all components delivering the ability to easily maintain, clean and care for your Storm Sweeper quickly after jobs.

Single High Performance 3-Stage Vacuum Motor

The three-stage vacuum motor maximizes lift for more efficient pick up of water.

11 Gallon Recovery Tank

An 11 gallon recovery tank allows you to work longer without downtime.

Auto Pump Out
